

IO7 – MOOC for Teachers

Self-directed Learning Resource 9

Topic:	Digital Content Creation
Title:	Programs for video-editing
Time:	It will take you about 30 minutes to view the videos
Type of Resource:	Video
Content of the Resource	<p>Video-editing is a complex process and requires specific skills, nevertheless, a few user-friendly programmes and apps for video editing exist. A user-friendly programme is Story Remix, developed by Microsoft. Another programme, that is a little more complicated, is Movie Maker, also developed by Microsoft. Finally, VideoShow is an app that allows simple video editing on the smartphone. These programmes have to be downloaded, and are not online platforms.</p> <p>At the following links, you will find the presentations for these programmes and apps.</p>
