IO7 – MOOC for Teachers

Self-directed Learning Resource 3

Topic:	Copyrights and Licenses
Title:	Is Seeing, Believing? - Why do people alter digital photos and videos?
Time:	Estimated time 45 minutes
Type of Resource:	Lesson Slides from Common Sense - to unlock the lesson you must register first
Content of the Resource	The web is full of photos, and even videos, that are digitally altered. And it's often hard to tell the difference between what's real and what's fake. Help your students ask critical questions about why someone might alter a photo or video in the first place. Students will be able to: • Recognize that photos and videos can be altered digitally. • Identify different reasons why someone might alter a photo or video. • Analyze altered photos and videos to try to determine why.
